EXPERIENCES:

March 2020 - Present	**JAC Recruitment Japan** Web developer I am currently working on an in-house web application to be used by consultants using Laravel. I am part of a two-man team. I had one solo project which is the staff directory for the whole JAC Group where I used Laravel-Vue monorepo.
June 2019- February 2020	**CareerCross (C.C. Consulting)** Intern/Part time Junior Web Developer. C.C.Consulting is part of the JAC Group, this is where I started my IT career and where I truly developed passion for IT. I worked on the C.C. Consulting website renewal using Laravel (www.ccconsulting.jp) as my solo project (design was created by the designer) with the guidance of my seniors. And develop small features and bug fixes for CareerCross(careercross.com) and CRM2(web application used in-house) website.
